

CAMILA - PORTUGAL

I visited LAW for the first time in 2015 and have been back in 2019 and 2020 to volunteer again.

The much desired dream of being part of this team became reality and every day I was so grateful and proud for being there, making a small difference in the lives of those angels.

The friends that I made will be forever in my life and in my heart. The balance of this experience was to have returned home with my little piece of Lanta, my baby girl (Fleur) who is the living memory of the incredible days that I spent at LAW.

So much love and respect, you are my real life super heroes. Love you all x

THEA - UK

One month volunteering quickly ended up being 5 months as I completely fell in love with everything LAW does. I learnt so much from everyone at the centre and the huge amount of love these people have.

What LAW does is not only provide a safe haven for all the amazing doggos, but fosters an environment where the team becomes your little island family and you are never short of a pal to grab dinner with, a beer buddy or someone to just have a good old chat with (usually about dogs).

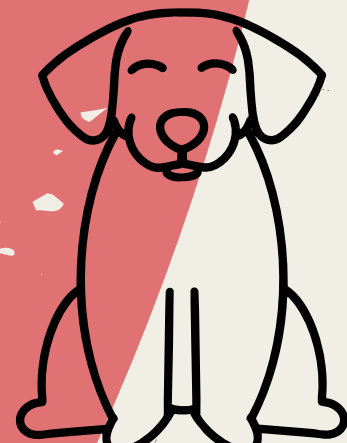

Volunteering at LAW not only enhanced my travelling experience, but quite literally changed my life - I was inspired to change my career and I am now studying to become a clinical animal behaviourist.

JACK - UK

I first visited LAW on a tour back in April 2022, a few months later in September 2022, I came to volunteer. Within this month I fell in love with the project, the dogs, the staff, and it was great to be part of something special. In the end I ended up staying for 3 months and have returned every year since.

I often talk about LAW to friends and people I meet, persuading them to join. Being a part of improving the lives of animals is one of the best feelings, whilst being surrounded by like-minded, amazing people. I can't recommend volunteering enough.

CELINE - SWITZERLAND

During my six weeks volunteering at Lanta Animal Welfare, I had one of the most incredible experiences of my life. Having participated in various volunteering programs before, I can confidently say that this one was the best.

The centre is impressively well-organized, ensuring that every animal's needs are met. In fact, I would go as far as to say that the animals there are cared for better than many pets—even compared to those in Switzerland, which says a lot.

I would say that during these six weeks I felt really welcomed and important for the first time. I found myself in a wonderful place, surrounded by wonderful beings (both people and animals).

CHRISTIANE - GERMANY

Being a volunteer at Lanta Animal Welfare is such an amazing experience, you shouldn't miss. It's a wonderful place with amazing people and lovely doggies and kitties.

At LAW the dogs are rehabilitated and trained, they play with them, take them on walks and spoil them with love and affection. And you as a Volunteer are a part of it. Of course, the work sometimes is hard (mentally and physically), but it's absolutely worth it, you get back so much love and to see some of the transformations is priceless. I already did it twice.

During the last seven years I've adopted three cats from Lanta Animal Welfare. It's so easy to do. The only thing you have to do, is to fall in love. Everything else is done by Lanta Animal Welfare.
